## Calculating the "Grow One" Challenge

1. From the left-hand column find the appropriate figure representing the approximate annual income for your family.
2. Move your eyes to the right until you find the amount closest to your weekly giving level. (Annual commitment divided by 52.)  
**Enter that number \$** \_\_\_\_\_
3. Move your eyes to the top of the chart to determine what percentage that is of your income.
4. Move one (or more) columns to the left to consider "Growing One" and move your eyes back down to your original annual giving line to see what your new weekly commitment would be if you "Grow One".  
**Enter that number \$** \_\_\_\_\_
5. Subtract #2 from #4.
6. **Enter that amount \$** \_\_\_\_\_.  
This is the amount of your weekly increase to "Grow One" in your financial commitment while "growing many steps" in your faith relationship with God.
